Protecting our Elderly by Officer John Rodriguez 16th District CAPS

Thieves are targeting our elderly in the district. We would just like to touch on some recently reported incidents.

Most recently, individuals have posed as plumbers, construction workers and landscapers, trying to gain access into the homes of elderly residents. These people may look authentic by wearing safety vests, badges and identification cards but they are far from legitimate. The offenders attempt to gain the trust of the victim by being very polite yet persistent towards the victim in hopes of gaining access into the residence. Once inside, they attempt to lure the resident into a different part of the home or backyards while another accomplice quietly enters and ransacks the home stealing items of value. These incidents have occurred between 12 Noon and 7:00 P.M. but can happen at any time.

Please keep your residence doors locked. Do not open the door for anyone that you are unfamiliar with. If you have a camera nearby, take a picture, through your window, of the people and vehicles they arrived in. DO NOT put yourself in harm's way. Please dial 911. Your safety is most important to us.

Seventh and Eighth Graders get a 'Lesson in Reality'

By William Brian Wardman

On May 3, 2019, Beaubien Elementary School held a 'Reality Fair' for their students. This fair was to give the participating students a dose of real life reality on how to manage money.

This is how it works. Each student picks a career. Depending on that career, the students will get an appropriate salary, student loans to pay off, and taxes to be paid. This is then divided into monthly net income. Then the fun begins. The students roll the dice to determine how many children they have, married, divorced, etc. Each of these will have an impact on managing monthly expenses. The students then go to the following stations to manage expenses: Housing, Transportation, Childcare, Charitable Giving, Personal Care, Healthcare, Fate, Clothing, Groceries & Dining Out, Utilities & Phone, and Entertainment. If, at any time, the students run out of money, they have to go to Counseling to determine where they can cut costs. Once counseling is finished, they go back to the stations to revise their monthly expenses.

Jefferson Park Neighborhood Association members who volunteered at this event were Gwynne Carlson, Colleen Murphy, Karen Ptak, Floyd Rueger, Eva Skowronski, Carolyn Wardman, and Brian Wardman. To me, this was fun being able to have students think about what they need and what they do not need. I hope more members will consider becoming involved with this event next year.
